

When Johnson Controls needed to bring energy savings to the Los Angeles County Library System, they turned to FSG as the partner they could trust to get the job done right.

Owner
Los Angeles County

Contractor
Johnson Controls

Contract
\$1,000,000.00 Plus

Contract Type
Lighting Retrofit

Locations
Los Angeles California

CHALLENGE

For more than 140 years, the Los Angeles Central Library system has served the greater Los Angeles area. Los Angeles County desired to perform a lighting upgrade on the historic downtown branch. Partnering with Johnson Controls, FSG Electric was tapped to perform the project.

SOLUTION

The scope of the project covered over 8,900 fixtures in the downtown branch. With the best in new LED lamps, along with lighting control systems, the Los Angeles Central Library system was ensured of enjoying remarkable energy savings. Furthermore, FSG was able to perform the work with minimal to no disruption to the Library's day to day operations.

Peak kW Reduction
244

Annual kWh Reduction
790,000
