

NORTHSIDE ISD- HARLAN HIGH SCHOOL

San Antonio Texas

Tero Technologies (now FSG) was awarded the Division 27 / Division 28 scope for the new construction of Northside ISD High School.

Owner

Northside ISD

Contract Type

Technology

Contract Amount

\$908,000

General Contractor

Joeris General Contracting

CHALLENGE

Northside ISD determined there was a need for a new state of the art high school located in the northwest area of San Antonio. Named after US Supreme Court justice John Marshall Harlan, it is NISD's largest school campus with 486,000 square foot.

SOLUTION

Tero Technologies (now FSG) was thankful to be awarded the Structured Cabling, Audio Visual, Security and Video Surveillance scopes.

RESULT

Each scope of work was executed by coordinating with the General Contractor, other trades and within our own team. Proper documentation, communication and processes were critical to the success of this project.
