

ANTHEM

Austin, Texas

Lighting Retrofit

CHALLENGE

Anthem, a restaurant located in Austin's Rainey Historic District, opened in late 2018. Flagship Restaurant Group was in search of a lighting solution that fit their budget and needs. They entrusted Facility Solutions Group to accomplish their budgetary and lighting requirements.

SOLUTION

Facility Solutions Group's ability to value engineer and work directly with the design group made it possible to stay on budget and on the construction schedule. FSG worked with all teams included in the construction process to logistically plan and coordinate. FSG's dedicated team worked to value engineer a lighting package that was within budget while still providing the desired look without sacrificing fixture quality.
