RIVER PLACE TENNIS CLUB

Austin, Texas

Tennis Court Lighting Retrofit

CHALLENGE

The River Place Tennis Club wanted to reduce their energy consumption on three of their tennis courts while also upgrading the light output. There were both a number of dead spots on the courts and spots where the light was blinding.

SOLUTION

FSG replaced 18 fixtures on the three courts with new LED LSI Courtblade fixtures which have a uniform throw of light and puts 50-55 foot candles on the court's surface.

Owner

Arcis Golf

Contract Type

Lighting

Contract Amount

\$35,987

Electrical Contractor

FSG Electric

Number of Fixtures Replaced

18
